Comments:

I am a young farmer in Butte County and water will play a key role in the future of my operation. I intend to make a home and a farm here. The apparent wanton disregard that some parties in the CALFED have for agriculture is frightening to me.

I urge your organization to take agriculture under great consideration prior to making any far reaching decisions.

Area of Origin + protection of private property should be of Paramount concern. Additional storage will also be needed for a successful solution.

Thank you
Stacy Gore
